UTT leaps **ALMOST 500 PLACES UPWARDS** *in* **WORLD UNIVERSITY RANKING** *in* **ACADEMIC YEAR 2017/2018**

IMPACT YOUR LIFE...

APPLY TODAY

at **www.u.tt/apply**

CANDIDATES AWAITING RESULTS ARE ENCOURAGED TO APPLY.
We are currently accepting applications towards conditional or provisional offers.

Aviation
Bachelor of Science (B.Sc.) in Aircraft Maintenance and Management

Certificate in Aviation Technology

Education
Bachelor of Education

Certificate in Early Childhood Care and Education

Biosciences, Agriculture and Food Technologies
Bachelor of Science (B.Sc.) in Food Science and Technology

Diploma in:
- Agriculture
- Animal Health, Production and Veterinary Public Health
- Food Technology

Certificate in Food Technology

Applied Engineering
Certificate in Applied Engineering

Chemical Engineering
National Engineering Technician Diploma (NETD) in Chemical Engineering

Instrumentation Engineering
National Engineering Technician Diploma (NETD) in Instrumentation Engineering

Manufacturing and Design Engineering
Bachelor of Applied Science (B.A.Sc.) in Manufacturing and Design Engineering

Utilities Engineering
Bachelor of Applied Science (B.A.Sc.)/ Master of Engineering in Utilities Engineering

Fashion
Bachelor of Fine Arts (B.F.A.) in Fashion Design

Diploma in:
- Fashion Design
- Fashion Management

Criminology and Public Safety
Bachelor of Applied Science (B.A.Sc.) in Criminology and Public Safety

Diploma in Security and Public Safety

Certificate in Security and Public Safety

Information and Communication Technology
Bachelor of Applied Science (B.A.Sc.) in Computer Engineering

Diploma in:
- Computer, Network and Telecommunication Engineering
- Software Engineering
- Visual Communications Design

Professional Certificate in ICT for Teachers

Civil Engineering
Bachelor of Applied Science (B.A.Sc.) in Civil and Construction Engineering Systems

National Engineering Technician Diploma (NETD) in Civil Engineering

Petroleum Engineering
Bachelor of Applied Science (B.A.Sc.)/ Master of Engineering in Petroleum Engineering

National Engineering Technician Diploma (NETD) in Petroleum Engineering

Process Engineering
Bachelor of Applied Science (B.A.Sc.)/ Master of Engineering in Process Engineering

Certificate in Process Operations

Maritime Studies
Bachelor of Science (B.Sc.) in Nautical Science/Maritime Operations

Diploma in:
- Maritime Operations – Engineering
- Maritime Operations – Navigation

Certificate in Applied Maritime Operations

Performing Arts
Bachelor of Fine Arts (B.F.A.) in the Performing Arts

Artist Diploma in Music Performance

Certificate in:
- Indian Classical Music (Sangeet Prathama)
- Music Technology
- Pan and Music Literacy

Animation
Diploma in Animation Studies

Sports
Bachelor in Sport Studies

Certificate in Sport Studies

Mechanical Engineering
National Engineering Technician Diploma (NETD) in Mechanical Engineering

Electrical/Electronic Engineering
National Engineering Technician Diploma (NETD) in Electrical/Electronic Engineering

All of UTT's programmes are **GATE APPROVED!**

UTT SIGNS MOU WITH HUAWEI

Huawei, one of the world's largest information and communication technology (ICT) solution providers, signed a Memorandum of Understanding (MoU) with The University of Trinidad and Tobago (UTT) on March 20th, 2018, to partner on the "Seeds for the Future" Programme. Signatories to the MoU were Professor Sarim Al-Zubaidy, President, UTT, and Mr. Zhaobo, General Manager of Huawei Technologies (T&T) Limited. Professor Kenneth S. Julien (Emeritus) T.C., Chairman of the Board of Governors, UTT, was also present at the event and addressed the audience.

The programme affords top ICT students at university level the opportunity to travel to China for a two-week period of study and cultural exchange at Huawei's headquarters in Shenzhen, China.

TERTIARY LEADERS MEET: *Professor Sarim Al-Zubaidy, President of The University of Trinidad and Tobago (UTT), paid a pre-arranged courtesy visit to the Pro-Vice Chancellor and Campus Principal, UWI St. Augustine, Professor Brian Copeland, on March 23rd, 2018. The meeting yielded informative and fruitful dialogue about possible collaborations between the two (2) institutions.*

UTT'S ALUMNI ASSOCIATION

Vibrant and Alive

The University of Trinidad and Tobago's Alumni Association held its First Annual General Meeting (AGM) and Council Elections. A total of twenty five (25) UTT graduates vied for various positions, with Mr. Heera Dookran emerging as the President of UTT's Alumni Association.

UTT leaps almost **500 PLACES UPWARDS** *in* **WORLD UNIVERSITY RANKING** *in* **ACADEMIC YEAR 2017/2018.**

UTT's Fashion enters BUCKINGHAM PALACE

UTT's Caribbean Academy of Fashion and Design (CAFD) BFA student, Ms. Keisha Edwards, represented her home country Guyana, at the Commonwealth Fashion Exchange programme. Her design was unveiled at a special reception at Buckingham Palace for London Fashion Week 2018.

FOCUS ON FACULTY

UTT'S CRIMINOLOGY FACULTY GOES GLOBAL

Professor KEVIN HAINES, Programme Professor, Institute of Criminology and Public Safety (ICPS), UTT, presented at the **"Frontiers of Children's Rights in the Caribbean Region Spring School"** at the School of Law at the University of Curaçao.

Ms. LEAH CLEGHORN, Instructor, ICPS, UTT, presented on **"Access to Justice"** at the **Socio-Legal Studies Association Annual Conference** at the University of Bristol, UK.

Ms. CHANTELLE CUMMINGS, Instructor, ICPS, UTT, is currently participating in the **International Visitors' Leadership Programme** in Boston, Massachusetts and Washington, D.C.

UTT researchers make progress in ENHANCING THE QUALITY OF POWER DISTRIBUTION

Researchers in UTT's Utilities Engineering Programme believe that they have found ways to enhance the quality of Power Distribution in Trinidad and Tobago. Prolonged power quality disturbances within the power distribution system ultimately lead to reliability issues. The economic impact of poor power quality involves a substantial loss of revenue for both the industry as well as for the Trinidad and Tobago Electricity Commission (T&TEC).

Mr. Tagore Ramlal
Senior Instructor, Utilities Engineering

Researcher Tagore Ramlal has conducted a thorough assessment of several commercial and industrial sites in T&TEC's distribution system and the testing of several Power Quality filters, which although not new, were implemented in the design solutions and adapted in proprietary approaches using local system parameters. These filters were modelled and simulated for mitigation against the effects of non-linear loading, especially sensitive loads, as well as against the effects of harmonic disturbances, all of which are at the core of our distribution problems. Additionally, the filters were used for mitigation with and without the integration of renewable energy into the system.

Apart from supply reliability, equipment reliability also reduces exponentially with the effects of poor power quality. This is a major concern of the industrial and commercial sectors. UTT's Utilities Engineering Programme Leader, Dr. Solange Kelly, will seek to facilitate discussions with T&TEC and personnel from these sectors on the way forward for the implementation of the solutions.

UTT leaps almost **500 PLACES UPWARDS** *in* **WORLD UNIVERSITY RANKING** *in* **ACADEMIC YEAR 2017/2018.**

IMPACT YOUR LIFE with a POSTGRADUATE DEGREE from UTT...

APPLY TODAY
at **www.u.tt/apply**

Choose from our wide range of TAUGHT MASTERS DEGREES in:

- Carnival Studies
- Education
- Petroleum Engineering
- Reservoir Engineering
- Information and Communication Technology
- Maritime Studies
- Sports

Research-based M.Phil. and Ph.D. degrees are also available.

Visit **www.u.tt** *for more information.*

* In December 2017, UTT was awarded **CONTINUING INSTITUTIONAL ACCREDITATION** by **THE ACCREDITATION COUNCIL OF TRINIDAD AND TOBAGO (ACTT)** for the maximum period of seven (7) years.

UTT leaps almost **500 PLACES UPWARDS** *in* **WORLD UNIVERSITY RANKING** *in* **ACADEMIC YEAR 2017/2018.**
