

THE UNIVERSITY OF TRINIDAD AND TOBAGO

PROFESSIONAL EDUCATION UNIT (PEU) SAFETY DEVELOPMENT SERIES INDUSTRIAL FIRE FIGHTING 2

OUTLINE:

The Industrial Fire Fighting one week course is designed for all local and regional land-based companies. This course is a modification of the International Maritime Organization (I.M.O) Marine Fire Fighting Standards which is especially suited for heavy industries.

OBJECTIVE:

At the end of this course, participants should be better able to:

- Provide excellent “hands on” training for fire fighting personnel and their team at the workplace.
- Equip personnel with the relevant skills on how to prevent fires and the proper use of Fire Fighting Equipment which are used in fire fighting.
