Dear Dr. Henry:

It is with great pleasure that I share with you the news that your composition, Trio No. 2 for clarinet, violin, and piano, has been accepted to be released under the Heritage Records label in the UK. Heritage Records is an independent classical label devoted to producing high-quality recordings of differing styles, genres, and periods. The CD was recorded by Ensemble Next Parallel, a Washington D.C. based consortium of musicians, by an invitation of Maestro Vladimir Lande, Music Director of Siberian State Symphony Orchestra in Russia. The recording took place in July 2019 in the historic Melodia Studio at Lutheran Church of St. Catherine in St. Petersburg, Russia. We were fortunate to work with award-winning sound recording engineer and producer, Alexey Barashkin.

As you may know that the recording process is very costly and I am hoping you would be able to secure some additional funds to help cover the final costs of the production.

Sincerely,

Yevgeny Dokshansky
