Accessing the Website

There are multiple ways to link to the [Library Website](#) for accessing E-Resources from on or off campus. Please click: <https://utt.edu.tt/files/cms/Accessing-the-Library-Website.pdf>.

Accessing E-Resources

1. Using the UTT OneSearch box 1a. On Campus

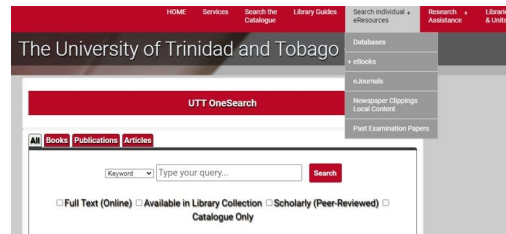

UTT Libraries has created a unified, customized and easy means of accessing information from a single entry point—**UTT OneSearch box**. Simply enter your search term here. You can also use the drop down menu to search by *Keyword*, *Title* or *Author*. Use the individual tabs for searches for specific types of resources (Books, Articles etc.).

1b. Off Campus

You must log on with your UTT network credentials to read information after your search results have been displayed.

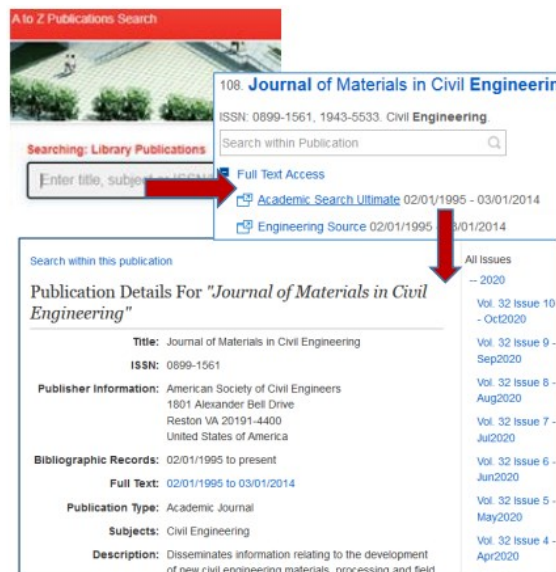

2. Using the Search Individual E-Resources tab.

This gives access to the different types of electronic resources available through the library.

Accessing Individual Online Journals

- On the menu bar, click on tab **Search Individual E-Resources - E-Journals** for A to Z Publications Search.
- Enter title of the Journal
- Select the title, volume, issue to find article.

Accessing Individual Databases

On the menu bar, click on the [Search Individual E-Resources - - Databases](#) for the full list of available databases which can be found lower down this page.
