- The teacher was a character, she made the course interesting
- I liked how each week I learnt something new about a teacher, this made me more aware of what I have to do as a teacher as well as to what is to be done in order to be a good teacher
- the instructor
- The lecturer was always willing to get the students perspectives on various topics in every class. She made learning fun and comprehensive.
- I liked the way Miss spoke and explained to as out of reality and not just sat in front the class and read from a text book she gave us an understanding about school and studying life I really enjoyed this class
- I really appreciated the lecturer. She made sure to put all the lessons on blackboard so that the class can follow through week by week
- For example: week 1, week 2. Learning by means of the computer made it so much easier to pay attention than just writing for three hours. She is very easy to communicate with which makes her class very understandable and enjoyable.
