

Carnival Review 2018

Led by students of the UTT's Masters of Arts in Carnival Studies programme, The Academy for Arts, Letters, Culture and Public Affairs will hold a post carnival forum to note trends, frailties, strengths and notable practices in the Carnival of 2018. The public is invited to comment on the students' observances as well as to give their own, all with a view to historically documenting the Carnival of 2018, so that future generations can compare and contrast.

All are invited to participate.
